

PROFILE OF SHRI DEEPAK NABAM

When Prime Minister Narendra Modi spotlighted Shri Deepak Nabam in the 118th episode of his Mann Ki Baat radio address, he hailed him as a "remarkable individual whose selfless efforts have brought hope, healing, and dignity to countless lives." That national recognition underscored what people in Arunachal Pradesh have known for years: that Deepak Nabam is a rare beacon of compassion who has transformed personal adversity into a lifetime of service.

Born into poverty in the remote village of Pape Sango under Leporiang Circle in Papum Pare district Arunachal Pradesh, Shri Deepak Nabam faced hardship from an early age thereby unable to afford schooling and he was fostered by a teacher, doubling up as a domestic helper while pursuing his education. Despite his perseverance, he had to discontinue his studies after class 12 passed due to financial constraints and he fell into substance abuse, leading to alcoholism and severe liver cirrhosis. Ostracized and abandoned, he was once declared beyond medical help. But from that brink of death, he chose a different path—one of redemption and purpose.

On 11th September 2005, while still struggling to survive, Shri Deepak Nabam founded the Deepak Nabam Living Home (A home for no home) in his modest bamboo-thatched room. With no institutional support and barely any resources, he began picking up abandoned senior citizens, drug addicts, mentally ill individuals, and terminally sick patients—those cast away by society. At a time when neither government mechanisms nor tribal communities in Arunachal Pradesh had systems in place to care for such individuals, Shri Deepak Nabam filled that vacuum with courage and care.

He rehabilitated thousands of destitute people, offering not just food and shelter but emotional healing and human dignity. Many who arrived on the verge of death have returned to health, reintegrated into society, and some even reunited with families. Briefing the success story of a 23 year old girl:-

Miss Jumsi, aged about 23 years was brought in our Half Way Home for Mental Disability in Senki Park Itanagar by her helpless parents on 21st August 2023. She was found to be suffering from mentally challenged and barely able to care for herself.

In order to return her back to normal life, we rendered unconditional services and support to her which took almost one year and without a penny spent by her or any of her people. We took up entire expenses and cared for her ourselves.

After being recovered she stayed here happily and happily working as volunteer.

Finally, today we gracefully handed her over to the family to live a normal life with family.

So, this is my message to the society:-
Prevent Discrimination of Mentally ill Persons.
Stand up against Stigma.

Yet another success story of girl, age about 17 years, from Longdeng district Arunachal Pradesh ,Who was mentally disordered and was sheltering here at our destitute Home Senki Park Itanagar, for last 5 months and has totally
